Welcome back to Kardia.

2018

My prayer this year is for us to grow closer to God and to each other. It is our special partnership that propels our students to reach new heights on their spiritual and academic journey.

Be encouraged God has great plans for 2018!!!

Happy New Year,

Mrs. Kim

Our character trait for the month of January is **Cooperation!** We are defining cooperation as working together to do more than you can do alone. The Bible verse which goes along with our character trait is **Ecclesiastes 4:9 "Two people are better than one. They can help each other in everything they do."**

We are so excited to watch our students learn to cooperate with one another even more!

January Service Project

For the month of January we will be partnering with Hope Haven, a ministry seeking to help homeless men and women find a way to get off the street permanently. They are in need of men's coats and jackets so we will be collecting those throughout the month. Our students will also work on making encouraging cards for the people Hope Haven is helping!
